HOW TO USE QR CODES ?

Step 1: Go to PLAY STORE (For Android users) & Download the QR code reader app, Apple users can scan the code directly from the camera app.

Step 2: Launch the downloaded QR code reader app & position your mobile device in such a way that the edges of the QR code fits the boundaries indicated on the screen.

Step 3: The code will be scanned by the app & a beep will be heard following which a link open approval will be prompted. Click OK & you will be directed to the webpage whose address is embed in the QR code.

A great brand inspires confidence and trust in consumers. Also, its a distinct sense of style and sophistication. Thus, brand-name products are an excellent medium for Advertising and Promotion. Through our exclusive brand-partners from around the globe, we bring you an exciting range of high-quality, on-trend Corporate/Business Gifts and Premiums that you can be proud to associate your brand with.

RE-CONNECTING

As we prepare this year's 2021 Gifts Collection, the world is still battling the greatest health and safety threat of our lifetime. Our thoughts are with the communities and individuals, including health care workers and first responders, most deeply hit by COVID-19.

Throughout our journey we have built our reputation on being there for our clients, customers, and our community. And this time was no different. For us, it all came down to our core principles of agility, innovation, and transparency.

Agility:

Relying on our established supply chain of 250+ audited and trusted factories globally, we started receiving shipments of PPE products by late March, exactly when our clients needed us.

In April and May, we had entered total lockdown and work-from-home. Our clients were once again facing the challenge of running a business remotely, rapidly adjusting their staff to this new work environment, while keeping them motivated. Now, our Logistics and Branding Teams shone, quickly launching branded PPE home care packages, couriered to each employee's address, allowing our clients HR departments to support their colleagues, while staying remote.

Innovation:

In polos and t-shirts, our Santhome® brand was already highly regarded for its garment quality, consistency, and the moisture wicking freshness of our DryNCool® label. We extended our lead in garments by becoming the first to introduce 2 new lines of anti-viral and anti-microbial garments, utilizing the advanced Swiss made Heiq® Viroblock anti-viral technology, and Resil's Silaide® anti-microbial technology.

Among our gifts collection too, we have introduced several new anti-COVID technologies, from Biomaster®UK offering of lifelong anti-microbial treatment, to rapid UV-C sterilization products.

In fact, we have a 43-page long COVID collection from pages 10-52 of this catalogue!

Transparency:

True carbon-neutrality – how sustainable is it really?

We have partnered with a leading French agency to independently calculate the carbon score for all our promotional and corporate giveaways. We transparently share the carbon score of all our products, allowing clients to carbon offset their giveaways, promotions, and gifts through certified agencies. Any product in our catalogue can be delivered to you, certified carbon free!

Compliant supply chain – 85% of our range (and growing) in this catalog comes from Sedex, amfori BSCI, Disney or EcoVadis audited / compliant vendors.

In conclusion, we are optimistic about the future. After all we have been through collectively, people will need to re-connect, whether physically or virtually, and we would like to enable those connections, touch-points, and impressions. With the most extensive 2021 collection of 2,500+ quality gifts and marketing products in the Middle East and Middle Africa, at a time when most are scaling back, we are only satisfied in moving forward!

HAPPY RE-CONNECTING AND STAY SAFE!

BRANDING TECHNIQUES

The essence of promotional gifts and business giveaways is **to make your mark on customers**

A well branded product that carries your unique logo or brand message helps increase brand recognition, increases business value, generates new customers, improves employee pride & satisfaction and finally creates trust in the marketplace.

A great product needs impactful branding. Now convey your message in style !!

Biomaster

Antimicrobial protection

How effective is Biomaster?

Very. Biomaster is proven to inhibit the growth of microbes by up to 99.99%.

Is Biomaster safe?

Yes. It is based on silver ion technology, recognised for centuries with no harmful effects. Biomaster is used in medical, food and water applications.

How long is Biomaster effective for?

Biomaster is tested to ISO standards and effective for the intended lifetime of the product it's added to. It is built-in and doesn't wear off or leach out.

Does Biomaster affect a product in any way?

No. You can't see, smell or even taste Biomaster.

Can a Biomaster-treated polymer be recycled?

Yes, it can be recycled effectively without any complications.

Does Biomaster use nano-silver technology?

No. We don't use nano technology due to ongoing safety concerns.

Why is Biomaster better than other silver based antimicrobial additives?

Biomaster pioneered the use of antimicrobial additives, and remains the recognised leader and most trusted supplier of antimicrobial technology for polymers, textiles, paper, paints and coatings.

Scan this QR code to see how Biomaster works on the surface of the product to effectively protect you 24/7

Scan this QR code to learn more about the Anti-Microbial effectiveness and check certifications

HOW DOES BIOMASTER WORK?

1 Biomaster binds to the cell wall disrupting growth

2 The Biomaster ions interfere with enzyme production stopping the cell producing energy

3 Biomaster interrupts the cell's DNA preventing replication

How do I know if a product is Biomaster protected?

Unless it carries the Biomaster symbol, you don't. Ask before you buy it.

Products in this catalog with Added BIOMASTER TECHNOLOGY

1. @memorii Technology products with FSC certified Bamboo (Pages 11 - 13)
2. Santhome Genuine Leather Articles (Pages 14- 18)

**3 PLY DISPOSABLE MASK****INTEND USE AND PURPOSE**

- Protection against dust, allergens and contaminants.
- Protects the patient from the wearer's respiratory emission.
- Protects the wearer from large droplets, sprays and splashes of bodily fluids
- Suitable for general situations to prevent spread of disease

Face Seal Fit
Loose-fitting

Thinner material
Filtration

MATERIAL

- Does NOT provide the wearer with a reliable level of protection from inhaling smaller airborne particles and is not considered respiratory protection.
- Able to filter large particles of around 10 microns.

LEAKAGE

Leakage occurs around the edge of the mask when user inhales

USAGE

Disposable. Discard after each use.

CERTIFIED KN95 MASK**INTEND USE AND PURPOSE**

Protects the wearer from breathing in hazardous substance. Reduces wearer's exposure to certain airborne particles including small particle aerosols and large droplets

Face Seal Fit
Tight-fitting

MATERIAL

- Thicker material
- Not resistant to Oil
- Fluid-resistant

FILTRATION

- Filters out atleast 95% of airborne particles including large and small particles.
- Able to filter finer particles of around 0.3 microns

LEAKAGE

When properly fitted and donned, minimal leakage occurs around edges of the respirator when user inhales

USAGE

8-10hrs of use

It can be reused as long as it maintains its structural and functional integrity and the filter material is not physically damaged or soiled. It should also be discarded when it becomes wet and visibly dirty or breathing becomes difficult.

- > Cap-Shaped Structure, highly effective anti-static cotton
- > Low Respiratory resistance, smooth breathing
- > Certified CE Mask

Dryncool Moisture Management Technology

Constructed from intelligently designed antimicrobial fabric, the polo shirt SECUREs against viruses and bacteria that use fabrics as hosting surfaces.

Using MHC (Moisture Management System) Technology, this fabric pulls out the moisture away from the skin to the surface of the fabric for quick evaporation, which keeps your body dry and comfortable.

Head Cover

HWFR 113 - Boot Cover HWFR 114 - Shoe Cover HWFR 115 - Head Cover

FORZA RAGAZZI Made in Italy boot, shoe and head covers are made from 50GSM non-woven Medical Grade PPE material. Includes elastic band for perfect fit. They are CE EN 14126 certified for protective clothing. Minimum 50GSM is required for COVID protection.

HWFR 117

FORZA RAGAZZI Made in Italy fashion coveralls give a new and stylish spin to the regular PPE microporous fabric coveralls. While maintaining a high level of protection from infective particles, these dressy coveralls add a touch of class and uniqueness. They comply with all sanitary and safety procedures, and can be customized and designed as per requirement.

READY STOCK

Kid's Coverall

CE Cat. 1
EN 14126

- Medical Grade 50 GSM non-Woven fabric provides protection for the head, neck torso, and legs
- Extremely lightweight and breathable material
- Available in different sizes for kids
- Reusable and washable in cold water
- CE EN 14126 certified for protective clothing

HWFR 118

FORZA RAGAZZI Kid's Coverall is made with 50GSM Medical Grade PPE and safeguards children from head to legs against all infectious airborne particles found in cough aerosol droplets, sneeze, etc. The securing mechanism of the kid's coverall is a soft thread elastic band that closes around the face, wrists, and ankles and avoids escape of hair or entry of micro organisms. Coverall is breathable and reusable after handwashing in cold water with disinfectant.

WHAT IS UVC GERMICIDAL LIGHT?

UVC wavelengths are between 250 and 280 nanometers, making them germicidal – meaning they are capable of inactivating microorganisms, such as bacteria, viruses and protozoa.

HOW DOES UVC LIGHT WORK ?

The high energy from short wavelength UVC light damages the DNA of bacteria and viruses thereby preventing replication and ability to infect.

OUR UVC DISINFECTION PRODUCT RANGE

All our UVC products are mercury free and hence environmental friendly. Our products have been tested to be effective in disinfecting 99.9% bacteria such as E. Coli and Staphylococcus.

READY STOCK

SAFE + SIMPLE + SWISS

SKROSS® – Swiss innovation

SKROSS® invented and patented the first all-in-one world adapter with country slider system in 2002. The World Adapter Classic promptly became a worldwide bestseller. Exports to over 60 countries confirmed that high-quality, multifunctional travel adapters that are both safe and compact attract tremendous international interest. The company is the global market leader for high-quality travel adapters.

Using international standards as the basis for product development

At SKROSS®, **safety** is always at the centre of the entire development and production process. The standards defined by the International Electrotechnical Commission (IEC) form the foundation for the development team to design innovative gadgets that give you access to power anywhere in the world. Extensive quality controls accompany every production phase, with final certification processes documenting each product's compliance with IEC standards.

Simple charging – any time

With SKROSS®, staying fully charged is simple – anywhere around the world, on all continents. The patented country slider system ensures connection in over 150 countries. At the same time, SKROSS® products remain the most compact and easy to use on the market. That is what makes SKROSS® unique. And this has already impressed not just millions of travellers, but many judging panels as well. SKROSS® products have won numerous Red Dot Design Awards and Product of the Year accolades, recognising both their functionality as well as their design.

SKROSS® – a global player from Switzerland

Today, SKROSS® operates in over 100 countries around the world, successfully positioning itself as the market leader in the field of high-quality travel accessories. Our products are available from duty-free shops in all major airports around the world, from the in-flight shops of all the leading airlines and from private retail outlets.

TASK 104 - SKROSS PRO LIGHT USB WORLD

SKROSS The PRO Light USB – World, the smallest 3-Pole world travel adapter with an integrated USB charger, ensures a simple and safe connection of 2- and 3-pole devices from and to more than 200 countries (thanks to the included World to Europe top). The available power of up to 1575 W makes it unique in its application even with powerful devices like laptops or hairdryers. Wherever the traveller comes from, the World Adapter PRO Light USB – World provides the safest solution of plugging in devices around the world. Furthermore the dual USB port provides sufficient energy to charge two USB devices easily, even if another device is connected via the adapter at the same time.

XDDESIGN Bobby Bizz is the best Business Backpack + Briefcase. It is an Anti-theft backpack with a number of edge cutting features that makes you love this bag. It is one of the most funded projects on Kickstarter.

Product Size: 31 x 44.5 x 10 cm Packing Details : 68 X 44 X 47 cm ; 6 pcs / carton ; gw / nw : 10.96 kg / carton

4 KEY FEATURES

Anti-theft, Cut-proof, Weight balance & night safety.

Anti-theft

Its genius lies in the zipper that is fully hidden at the back of the bag. No thief will be able to find the opening of the bag and thus a way to your belongings.

Weight balance

The Bobby Anti-theft Backpack is designed in such a way as to distribute weight down and back, relieving downward pressure on your shoulders up to 25%.

Cut proof

Designed with cut-proof PP protection board, the Bobby Anti-theft Backpack ensures your belongings remain safe.

Night safety

The illuminant bars on the back and sides of the bag provide 360 reflector visibility up to 100m, ensuring your safety at night.

LIVE YOUR DREAM !!!

INCREASED FOCUS ON REDUCING THE USE OF PLASTIC

According to United Nations Environment Programme Each year, more than 8 million tonnes of plastic ends up in the oceans, wreaking havoc on marine wildlife, fisheries and tourism, and costing at least \$8 billion in damage to marine ecosystems. Up to 80 per cent of all litter in our oceans is made of plastic.

“waste is one the greatest environmental challenges facing the world, which is why protecting the marine environment is central to our agenda The Financial Times, 2018”

PRESENTING A WALLET

THAT PROTECTS AGAINST FRAUD IN THE NEW WI-FI ERA.

How the card holder protects?

The aluminium Cardprotector protects your most important plastic cards not only against bending and breaking, but also against malicious parties reading your RFID and NFC cards. RFID (Radio Frequency IDentification) cards contain a chip and an antenna for wireless communication. Examples of RFID cards include the Travel card, ID cards, the latest generation of credit cards and bank cards, as well as various access passes.

Using the Cardprotector

The Cardprotector can hold a maximum of 7 cards. If only embossed cards are used, the capacity is 5 cards. Position the cards you use the most at the back or front and they will slide out sufficiently to be used. Slide out the cards with ONE movement of the slider on the side. The radio signal, although still greatly reduced, will now be sufficient for contact over a short distance. This means that you can use your RFID-NFC cards easily and securely. After use, slide your cards back into the Cardholder by pressing down on them lightly.

XDDESIGN® The Bobby Elle is not just a fashionable backpack, it also protects you from getting pickpocketed. With hidden zippers there is no way of getting into the backpack while carrying it. However strategically placed hidden pockets on the back of the backpack will give you as user easy access to smaller items when needed. The front of the backpack is protected with a PP board inside which will prevent thieves from cutting through the backpack and reflective strips on the front will ensure your night safety. This backpack will make sure your belongings will stay safe while keeping it fashionable. Registered design®

Biomaster

Antimicrobial protection

How effective is Biomaster?

Very. Biomaster is proven to inhibit the growth of microbes by up to 99.99%.

Is Biomaster safe?

Yes. It is based on silver ion technology, recognised for centuries with no harmful effects. Biomaster is used in medical, food and water applications.

How long is Biomaster effective for?

Biomaster is tested to ISO standards and effective for the intended lifetime of the product it's added to. It is built-in and doesn't wear off or leach out.

Does Biomaster affect a product in any way?

No. You can't see, smell or even taste Biomaster.

Can a Biomaster-treated polymer be recycled?

Yes, it can be recycled effectively without any complications.

Does Biomaster use nano-silver technology?

No. We don't use nano technology due to ongoing safety concerns.

Why is Biomaster better than other silver based antimicrobial additives?

Biomaster pioneered the use of antimicrobial additives, and remains the recognised leader and most trusted supplier of antimicrobial technology for polymers, textiles, paper, paints and coatings.

HOW DOES BIOMASTER WORK?

1 Biomaster binds to the cell wall disrupting growth

2 The Biomaster ions interfere with enzyme production stopping the cell producing energy

3 Biomaster interrupts the cell's DNA preventing replication

How do I know if a product is Biomaster protected?

Unless it carries the Biomaster symbol, you don't. Ask before you buy it.

PRESENTING A WALLET
THAT PROTECTS AGAINST FRAUD IN THE NEW WI-FI ERA.

SANTHOME

SECURITY FOR YOU

How the card holder protects?

The aluminium Cardprotector protects your most important plastic cards not only against bending and breaking, but also against malicious parties reading your RFID and NFC cards. RFID (Radio Frequency IDentification) cards contain a chip and an antenna for wireless communication. Examples of RFID cards include the Travel card, ID cards, the latest generation of credit cards and bank cards, as well as various access passes.

Using the Cardprotector

The Cardprotector can hold a maximum of 7 cards. If only embossed cards are used, the capacity is 5 cards. Position the cards you use the most at the back or front and they will slide out sufficiently to be used. Slide out the cards with ONE movement of the slider on the side. The radio signal, although still greatly reduced, will now be sufficient for contact over a short distance. This means that you can use your RFID-NFC cards easily and securely. After use, slide your cards back into the Cardholder by pressing down on them lightly.

ottohutt

GERMANY 1920

Otto Hutt stands for high-quality writing devices that set new standards regarding individuality and precision. Clear shapes, aesthetic design, perfected functionality. Products by Otto Hutt bear a logo on the stylized nib inspired by the Bauhaus signet by Oscar Schlemmer from 1922. An unmistakable symbol of creative standards and the brand's stylistic self-conception: "Form follows function".

ottohutt

GERMANY 1920

Precious metals

The writing instruments' high-quality gold, platinum, or silver coating requires an extremely precise procedure and the utmost care. Situated in the German centre of precious metal and jewellery manufacturing, Otto Hutt is of course a master par excellence in these techniques.

Unique.
By tradition.

Exclusive writing
instruments.
Since 1920.

Craftsmanship.
Of Conviction.

Individualism.
With style.

Manufacturing
expertise.
Made in Germany.

Unique,
Precision,
materials,
features.

ottohutt

GERMANY 1920

Guilloché

The origins of this engraving procedure, developed in the 17th century, trace back to the classical jewellery industry. Otto Hutt is one of the few companies that still uses this sophisticated technique. Not only has Otto Hutt continued this precision process manually, but they've developed it even further, adding innovative CNC control.

 Pierre Cardin
 PARIS

Legendary French designer, fashion designer and innovator Pierre Cardin. As a graduated architect he started his career of fashion designer after the Second World War under the guidance of a renowned master in the field, Mr Christian Dior.

In 1950 he sets up his own fashion saloon and in 1953 he becomes a member of the prestigious French association Chambre Syndicale de la Haute Couture. In 1959 he starts a revolution in the field by creating a first collection in history directly produced for the sale and wearing "prêt-à porter". In this way he brings high fashion to the general public.

Besides textiles and accessories Pierre Cardin designs furniture, interiors, objects of applied arts & has also worked for automobile and aircraft industry and in other areas.

Since 1991 Pierre Cardin has held the position of honorary ambassador of UNESCO and since 2009 he has been a good will envoy of the FAO of the United Nations.

Pierre Cardin has received a number of awards and decorations of high degree from institutions all over the world. Since 1977 he has several times been given De d' Or" (golden thimble), the largest honor of French haute culture. Pierre Cardin was the first fashion designer in history to win, in 1992, a chair in the French Academy of Fine Arts (Academie des Beaux-Arts).

The collection of original Pierre Cardin products has been carefully produced from selected materials and created with the emphasis on detail and attractive design.

History shows that Pierre Cardin is not only a fashion trademark, he is also a symbol of timelessness.

eco lifestyle

CREATIVE

QUALITY

Earth is a wonderful home and should be treated with respect. At the same time, the brand Santhome creates beautiful design. The Bamboo Notebook embodies both of these philosophies -- bamboo is actually a grass, that grows quickly and has the strength of a hardwood. Its bold design makes it a powerful tool that communicates your commitment to sustainability!

product video

Multi-functions:

- Multi-Functional: Contact-free design and equipped with key ring and bottle opener
- Anti-Microbial : Made from anti-microbial copper alloy, with **62% copper content**
- COVID-19 virus only survives 2 hours on copper, compared to 2-3 days on stainless steel, plastic etc.

CAUTION: Zinc alloys and 58% copper alloys are falsely marketed as anti-microbial. Only buy tested & certified anti-microbial 60% + copper alloys

* **EPA** permits copper alloys with more than 60% copper to be promoted as anti-microbial and self-sanitizing. No permit is provided for other alloys.

CUTLERY SET

Caution - Promoclips do not cut fingers & papers. Are you sure about other brands ? Buy only the original.

Promoclip original

Finish your precious correspondence with an original Promoclip carrying your own logo. More and more companies decide to distinct themselves this way. A Promoclip matches your corporate identity perfectly and offers space to print your logo and to promote your website or slogan. Promoclips are easily put on paper by giving it a gentle twist. Each clip has been carefully smoothened to avoid possible damage to the paper. Also the patented bends on the back of the clip enable you to put on a clip without using any force.

ML Clip original

ML Clips are considerably larger than Promoclips and offer enough space to print a product photo or state your complete company details. Not only its size, but also its strenght is unique: an ML Clip holds 2 to 35 sheets of paper together!

This clip is really one of a kind. Available with digitally printed labels or laser engraving.

XL Clip original

The XL Clip safely holds together bank notes, credit cards and receipts. Carrying a solid laser engraving, the XL Clip offers sufficient space to show your logo and even a message.

Give your client an XL Clip as a 'thank you' and he will think back of you frequently. Obtainable in a semi-transparent give away box, offering space to leave your business card as well.

CUSTOMISED TEXTILE

Typical measurements:-

Gulf/Asian Sizes				Europe Sizes		
	M	L	XL	M	L	XL
A	28	29	30	29	30	31
B	21	22	23	22	23	24
C	8	8.5	9	8.5	9	9.5

These measurements are for guidelines only. The actual measurements may vary slightly between garments as knit garments have internationally accepted higher tolerance values

GSM or GMS ?

Most manufacturers confuse clients with this. GSM: Grammes per sq. meter is the wt. of the fabric in a square of 1 meter x 1 meter. it remains the same in all sizes. Hence the correct way to describe GMS: is the wt. in grammes per piece of the Tee/Polo And will always vary with each size.

Thus, completely misleading. We ALWAYS specify the GSM. So you are rest assured of what we offer.

Heavier the better ?

Not necessarily. The quality of yarn will decide the quality and Price.

Super combed, combed, semi combed and carded: this is the quality of YARN in descending order.

We specify the yarn. So you are rest assured of what we offer.

What more we can offer:

You Are Welcome To Send Your Design Ideas And Originals. We Will Reproduce It For You..!

UV protection fabrics are rated between UPF 25-39. Ultraviolet protection factor(UPF) measures blockage of UV-A and UV-B rays. A UPF rating of 25-39 means that our fabric allows 1/25th to 1/39th (2.56- 4%) of UV radiation that falls on the surface of the fabric to pass through it. Thus, 96-97.4% of UV rays are not allowed to reach your skin thereby protecting the skin from sunburn and long term skin damage.

Dryncool Moisture Management Technology

Constructed from intelligently designed antimicrobial fabric, the sewing polo shirt SECUREs against viruses and bacteria that use fabrics as hosting surfaces.

Using MHC (Moisture Management System) Technology, this fabric pulls out the moisture away from the skin to the surface of the fabric for quick evaporation, which keeps your body dry and comfortable.

- ④ Stylish buttons. Branded.

Unique bold loop stitching on shoulder & all hems

Unique birdie configuration collar/cuff

READY STOCK

"ORCA is found in Antarctica and Arctic oceans. Also called 'Killer Whales', it is the largest of the Dolphin family. They are beautiful, intelligent, fast, strong and yet the most social of all sea animals! They are said to have great tolerance in varying temperatures. That is the reason they enjoy world-wide distribution. Most interestingly, it's the only species in the world that has both the male and the female offspring stay with their mothers and immediate family forever...!"

These wonderful creatures have inspired us to bring to you exclusive polos. Their 'killer look', beauty, sheen and lustre is attributed to the MERCERIZING process. The premium cotton rich material makes it extremely comfortable in all climatic conditions. The collar, cuff in the birdie configuration sets new standards in their making. The bold loop stitches all over the hems and shoulder make them unique and yet resilient. Finally just as the ORCA, this polo will stay with you for long time to come.

Shouldn't then it be called the ORCA POLO?"
